Mission Statement:

We bring together the love of cars and Psychopathic Records. I will rep the Hatchet to the up most of my ability. I will respect what Hatchet Rydas Car Club has built, and I will do my part to continue building this organization. I will not do anything to diminish the work of others. I will also look after and help fellow Juggalos & Juggaletes, cause we're family.

Hatchet Rydas Club Bi Laws

1. One nation wide club with individual autonomous localized chapters.
2. The logo has been established and unanimously accepted by the Club. In order to create sight recognition and a uniform look, ALL chapters should use these Logos. They can be used freely in/on any project. Artwork for these can be supplied at any time, but should be managed by the chapter Don.
3. Each Chapter is responsible for managing their own operations. Stickers, fund raising, merch, etc.. are the responsibility of each individual chapter. Joint projects are encouraged.
4. There will be one website with one news section and one forum, but there will be individual sections for each chapter to include their respective calendars, photos, etc. Headquarters will admin the entire site, but each chapter is responsible for managing their section. Therefore localized admin abilities will be designated to each chapter based on loyalty and ambition, not necessarily rank.
5. Each chapter should use the Rank system to better organize and operate.
6. Chapter heads can be voted down/out by either their own chapter or by the club itself if obligations are not being met. This also holds true for all members.

Hatchet Rydas Chapter Bi Laws

1. You Screw around, you're gone! No exceptions! This means acting irresponsibly, breakin' laws w/ the H.R.C.C. sticker on your car, constantly griping w/ other members, and causing drama.
2. You must own a car and have the intention to create a presence for show, or a plan to fit this requirement. This is also true for those not of legal driving age, yet. If you don't help wth those who do
3. All cars must be kept clean and may be inspected. RESPECT YOUR RIDE!
4. New recruits will be on probation for 30 days, before they are active members. Each new recruit will be assigned a mentor, who will be responsible for teaching, helping, and keeping the recruit following the rules. If the mentor fails to do so it will reflect badly on that person. If the recruit fails to adhere to the mentors' instructions, the recruit will not be accepted.
5. Rank & Job Assignment – Rank will be incrementally achieved and the system will be strongly adhered to. Any member that abuses their rank will lose it. Jobs will be assigned on the basis of what members are good at, what they're available for, and equality to job responsibility.
6. Outside of job requirements, be involved. This means volunteer your time and energy for club events. Come to at least one meeting a month. Make it to ALL mandatory meetings and events. If you do not make a meeting in three months w/o any contact, you will be considered dropped.
7. If help is asked for, make every attempt to give it, especially for club events.
8. Settle any and all differences immediately. If a moderator is necessary, just ask a Don, Shogun, or Samurai. Any squabbles not settled in this manor may result in both parties being dropped from the club.
9. Anyone you bring will behave, or it will reflect badly on you. So, make sure they follow our guidelines.
10. Official H.R.C.C. decals should only be applied by a senior member.

Hatchet Rydas Car Club Ranking System

All new recruits will be given the status of 'Road Dawg', a generic initiate non-rank, until obtaining certificate, at which point the membership is now official and the rank system for that member is instituted.

To climb from rank to rank, each member must:

1. Organize & operate 1 club event, i.e., enter a car show, a community service
2. Implement at least 1 serious car modification
3. Attend a Psychopathic event
4. Raise at least \$40.00 for club or find 1 new recruit

Any rank can be lost due to a single major violation, and any member can be voted down or out completely by the rest of their chapter. Dons can be voted down or out by their chapter or by the entire club.
